Stuart Little Production: The elementary Drama Club production of Stuart Little is March 14th and 15th at 7 pm in the Chapel. Tickets will be on sale at the door for \$5 each or \$15 per family.

Elementary Sports Camp: Save the date! March 17, 18 and 20 from 3:00-4:30 pm. 3-6th graders have the opportunity to participate in either a volleyball or basketball sport camp here on campus. This is a free event!! More details will follow.

Box Tops: Miss Holmes' first grade class won the Box Tops contest and will have a class party as their reward! Congratulations first graders! Thank you to everyone who took the time to bring in the Box Tops!

Coin Drive: Thank you to all who participated in the coin drive to provide clean water containers for the people of Papua New Guinea. We raised a total of \$1388.76. Mr. Cornelissen's 5th grade class brought in the most money with an average of \$18.88 per student! In second place, Mr. Richardson's seniors brought in an average of \$16.90 per student. We're very proud of our student body who thought of others and gave generously to those in need.

Auction: Please take a look at the latest auction flyer online or in your inbox. Procurements are needed ASAP! Please turn in your procurements or donations by March 17. The Auction committee is in the process of putting together the catalog and they need to know which items we have! Tickets are on sale in the office and additional invitations are available in the office as well. We're still in need of volunteers in many areas. This is a great way to fulfill those PIP hours that are due April 1.

Mom's Prayer: If young children at home are keeping you from joining Mom's Prayer, join us this Wednesday, March 12th at 8:30 am (after drop off) at Spotted Cow in the Thomas Lake Center for coffee and kids prayer time!

A look inside the classrooms...

Third graders in Mrs. Fine's class are creating posters about the Oregon Trail, Trail of Tears, James Beckwourth, and James Madison. Also, third and fourth graders are building mini-log cabins to show how pioneers lived in the 'Old West.'

3rd and 3rd/4th combo classes enjoyed a field trip to the Pacific Science Center yesterday. We went to the planetarium and viewed "Bugs: 3-D" in addition to exploring the different exhibits, including *Strange Matter*.

We have new Usborne Books in the classrooms and many are being processed and added to the Library as well. We thank everyone for making this year's Book Fair successful.

Biology students learned the biochemical basis of lactose intolerance by testing for the presence of glucose in regular milk and in milk to which the enzyme lactase had been added.
